Agenda

- Vår KI filosofi
- Eksempler fra dagens versjon
- Fremtiden for KI i Workflow
- Store drømmer og lange visjoner

Vår KI filosofi:

*"KI skal ikke erstatte menneskelig
skjønn – den skal styrke det»*

XAI-tilnærmingen sikrer at hver automatisert beslutning er **transparent**, **sporbar** og **forklarbar** – både for økonomiteam og revisorer.

How do I set up new approval rules?

EyeDa

To set up new approval rules in eye-share Workflow, you can follow these general steps:

1. Define the Criteria: Determine the specific conditions under which the approval rules should apply. This could include factors like invoice amounts, specific account codes, or department-specific requirements.

2. Configure Dimension Access: Set up rules to limit

Fremtiden for **KI** i eye-share Workflow

Veiledende prinsipper

Human-in-the-loop

Alltid **inkluder** et menneske i prosessen

KI som jobber **med** deg

Gjennomskuelighet

KI forteller **hvorfor** den vil foreta seg noe

Alle begrunnelser er **klare** og **forståelige**

Forståelig historikk

Handlinger er logget og **sporbare**

Reversible, forståelige og **dokumenterte**

Hvorfor er disse viktige?

AI, som alt annet, er et **verktøy** –
og alle **verktøy** er bare så gode som **brukerne** lar dem være.

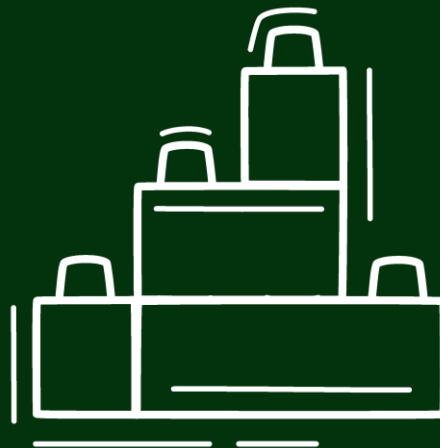

Vår visjon for fremtiden

Etablere fundamentet

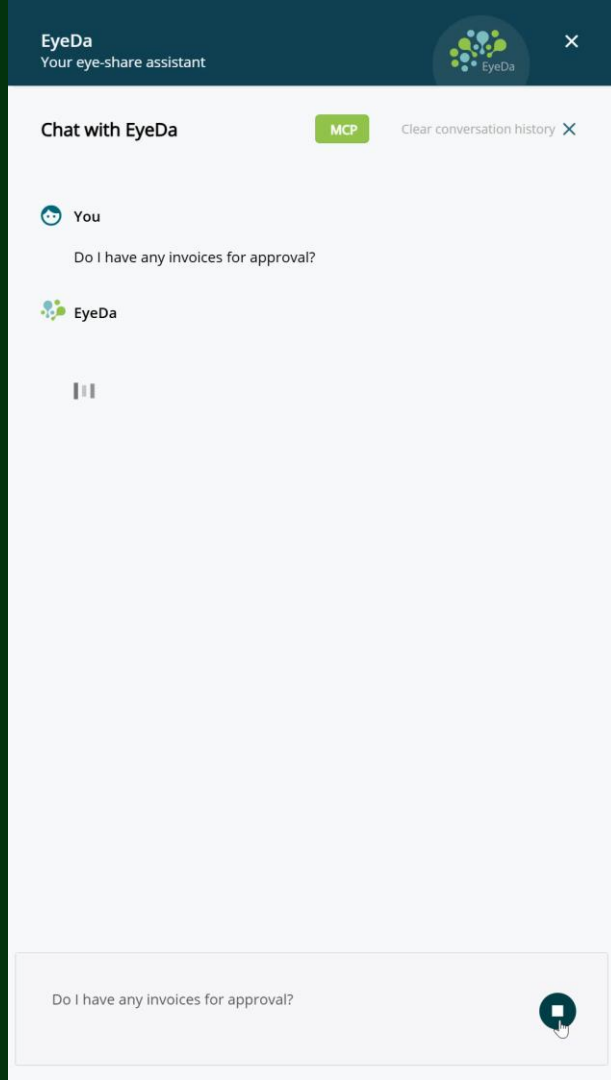

Utvidebare rammeverk

Følge etablerte industristandarder

Sikkerhet integrert fra grunnen av
